SQM ANNOUNCES EXPLORATION PARTNERSHIP WITH IVANHOE ELECTRIC

Santiago, Chile – January 27, 2025 - Sociedad Química y Minera de Chile S.A. (SQM) (NYSE: SQM; Santiago Stock Exchange: SQM-B, SQM-A) announces it has executed a definitive Collaboration and Explorations Agreement with Ivanhoe Electric Inc. (Ivanhoe Electric) (NYSE American: IE; TSX: IE) to explore 2,002 km² of SQM mining property in northern Chile in search of copper.

In the initial phase, the partnership—guided by a jointly run technical committee—will include a US\$9 million investment from SQM to fund three years of exploration. The program will leverage Ivanhoe Electric’s new technologies, Typhoon™ geophysical surveying system, together with data inversion software from Computational Geoscience Inc. (“CGI”) to identify potential qualifying copper deposits. In the event of successful results, this collaboration could lead to the formation of a 50/50 joint venture between SQM and Ivanhoe Electric, where SQM would have the option to operate and the right to choose the JV’s CEO.

About SQM

SQM is a global company that is listed on the New York Stock Exchange and the Santiago Stock Exchange (NYSE: SQM; Santiago Stock Exchange: SQM-B, SQM-A). SQM develops and produces diverse products for several industries essential for human progress, such as health, nutrition, renewable energy and technology through innovation and technological development. We aim to maintain our leading world position in the lithium, potassium nitrate and iodine markets.
